# Experience the True Power of the BARC Connects App

## Check your internet speed.

Run bandwidth tests to monitor your network performance and give bandwidth priority to specific devices.

## Easily set-up a guest network.

Keep your network passwords secure by setting up separate guest networks for your visitors.

## View and manage all devices connected to your network.

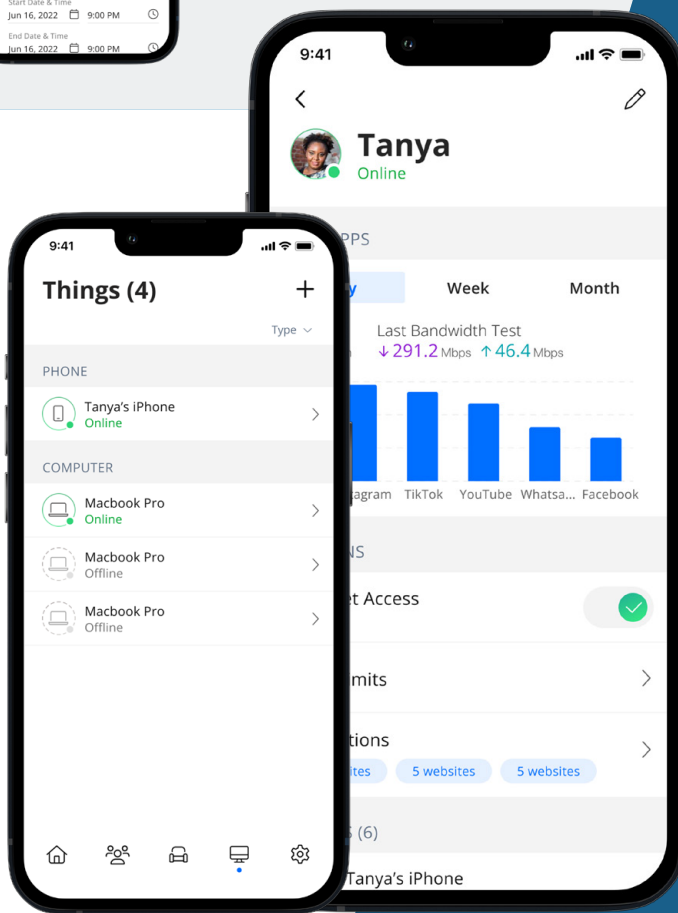

Track a device's bandwidth usage, pause its network access, or disconnect it.

## Set parental controls.

See what apps your kids are using, how long they're used for, and tailor their experience by blocking inappropriate sites and content, or setting usage limits.

## Active threat protection.

View total threats, intrusions, and viruses blocked over time. You can even see protected devices and total protection uptime.
